

Important Notes

1-Changes of authorship or in the order of authors are NOT accepted after acceptance of a manuscript.

2-The manuscript has not published previously (partly or in full) unless the new work concerns an expansion of previous work (please provide transparency on the re – use of material to avoid the hint of text – recycling (self – plagiarism)).

3-Authors should refrain from new papers published in international Journals indexed by Thomson Reuter or Scopus.

4-Maintaining integrity of the research and its presentation can be achieved by following the rules of good scientific practice.

5-The author should be refraining to the basic needs motivated consumers have about harmful substances in product.

6-The author must be using safe products; know whether there is a risk for human or the environment; know how to reduce or avoid risk.
